ASSETCOVER

Asset Cover is another branch of our business which works hand in hand with PRINTINSURE.

As the print industry is such an equipment intensive environment we provide products tailored specifically for our industry.

Offering a level of cover for breakdown and accidental damage that not only pays for the repair of the equipment but can also incorporate daily cash benefits to you and even pay your monthly finance costs whilst the machine is unable to generate revenue.

Protect your assets and protect your business.

If you are planning to invest in new equipment or plant, give us a call.
