

stonebridge
asset finance ltd

we don't just talk,
we listen...

what we do

knowledge and experience count for a lot

Stonebridge Asset Finance was created by Directors with over 50 years experience in providing a wide range of Asset Finance solutions, Hire Purchase, Operating Leasing, Finance Leasing, and Insurance products, Asset Cover and General Insurance, specifically designed for the Printing Industry.

Understanding the financial needs of your business means we make a difference. Whether funding your capital equipment purchases, improving your cash flow, or protecting your assets with our unique Asset Cover, we want to ensure that you get the best deal at the right price.

why choose us

we know that in these
competitive times
margins are tight
and getting the right
cover for complex,
high value items of
machinery cannot be
left to chance

Asset Cover ticks every box.

Machinery needs to earn its keep and repayments need to be met. Our policies are designed to protect the interests of borrower and lender alike by minimising down time and covering your finance payment as well as covering all of the costs of repairs including parts and labour, not only that, we cover you for accidental damage and operator error- all boxes ticked?

Stonebridge Asset Cover has been developed over several years, a product specifically tailored to your needs - cost effective protection for your business.

what makes us different

we want to be your business partner, not just a provider

Our Directors pride themselves on lasting, strong and successful relationships with our customers; at Stonebridge Asset Finance what you see is what you get.

The people you meet are the people who do the work; we know this makes a big difference to our customer relationships and ultimately your business.

We think carefully before suggesting options to you, are not afraid to ask questions and don't overcomplicate things-we keep it simple.

stonebridge asset cover

protection against*
